FOR IMMEDIATE RELEASE

CASPER, Wyoming - JumpingSand Ventures, a privately-funded venture company, has established new headquarters and physical presence in Casper, Wyoming, according to President and Chief Executive Officer of the company Christopher Green. At the current time, the company will occupy leased space located at 604 E. 2nd St, Third Floor, Casper, WY, 82601, and will continue to utilize the address of 312 W. 2nd St #3201, Casper, WY, 82601, as mailing address of record, and for all shipping & receiving.

NOT PERFECT JUST REAL

"I am eager to get started with the business development plan here in the City of Casper and Natrona County, Wyoming and moving into leased space will help immensely, even if it is only for a year or two or maybe even more at this address", Green said. "The building that I have chosen to move into is a significant landmark in the area. The building itself is over one hundred years old and has what I refer to as 'character', and I use that word with every meaning possible. There is a lot left to be desired about this physical space, but there is a lot that is desirable, too. It is not perfect, just real. The location of the building is in Downtown Casper, a wonderful place to live and work, and is situated right across the street from Veterans Park and adjacent to the strongly-developed, 6-mile-long scenic 'Casper Rail Trail'. Plus, the new junior team from the United States Premier Hockey League called 'Casper Roughnecks' practice and play right around the corner at Casper Ice Arena, and that's an incredible draw! I am liking this neighborhood! I am so much looking forward to now getting about the business of getting about the business of JumpingSand Ventures."

THE NEW DIGS

The new address will house the following functions:

- Administration: all corporate functions will be located here such as finance, human resources, development, and executive offices.
- Operations: day-to-day operations will immediately commence from this location.
- Charge Of Quarters & Cantonment: this location will serve as a central point of coordination for a variety of business activities and functions, including vehicle dispatch, travel and/or housing accommodation, meal preparation & consumption, recipe development, business meetings and casual entertaining.

BUSINESS DEVELOPMENT PLAN STATUS

The company remains (and will remain for the immediate future) in the first phase of a multi-year, multi-step business development plan. This phase is often referred to by Green as "Formation Phase" in which the business is established and defined in legal terms within the City of Casper, County of Natrona, and State of Wyoming. After this phase, the company will enter the "Definition" phase of the business, which includes integration & alignment of general business segment focus and setting the goals of division objectives within the various business segments. Capital appreciation occurs in this step and several steps forward, and capital needs are currently being met without encumbrance or delay by private investing activities at this time in spite of overwhelming and conflicting policies and actions from global corporate and federal government actors contributing to an economic downturn and possible crisis.

MEANWHILE, BACK AT THE RANCH...

In other news, a "Gear" page has been implemented on the JumpingSand.com website allowing for the purchase of branded logo items such as men's and women's polo shirts, t-shirts, coffee mugs, and water bottles. In the future, it is intended anybody buying a JumpingSand branded coffee mug or refillable beverage bottle and returning to one of the restaurants or venues (once open for business) will receive refills for a very small price. The items for sale are currently offered through a third-party vendor but should be available over the counter eventually. Doing a cheap refill offer on durable mugs and containers is eco-friendly, but also assists in community awareness of the JumpingSand brand. Also, in alignment with defining employment policies that encourage cohesion and loyalty, a "Wyoming-First" hiring policy is now in effect. This policy is in-line with other desirable employers in the area that seek to fill open positions from within (via promote-from-within actions) or hiring Wyoming residents who have lived in Wyoming for at least one year. This policy follows recovery-friendly and prior military preference employment practices previously announced.

ABOUT THE COMPANY

JumpingSand Ventures is a "business incubator" company incorporated in the state of Wyoming led by Christopher Green, whose current title is "President & Chief Executive Officer". The name "JumpingSand" (a unique trade name, service mark, and brand) is spelled as all one word, with a primary logo of an Ampersand symbol bouncing through the foreground field-of-view to the background as if kinetically in motion.
